Inspire Empire

Helping women create inspirational momentum.

Corporate Profile

Inspire Empire brings a community of women together who are all struggling with the challenge of creating and maintaining inspirational momentum while also raising a family, pursuing a career and staying healthy and happy.

It provides practical tools to help women become better at fitting personal priorities into their hectic lifestyle. It puts people – with the common mindset of wanting to make their life better – together.

Inspire Empire improves women's lives by changing a woman's perceptions about her goals and dreams – moving them from impossible grandiosities to achievable possibilities.

About Inspire Empire

Born from a small idea with big potential, Inspire Empire has been an empire in the making for over ten years. Put to the test with three kids, a husband's mobile and ambitious career, Marla Majewski took advantage of her "gypsy lifestyle", developing mini inspire circle centers in three cities across North America: Calgary, Canada, Rowayton, Connecticut and Houston, Texas. Using the power of her personal Inspire Empire she began to reach out to thousands of women looking for tools to get out of a rut and into a positive, more productive space in their lives. Through her work as a Life Coach, motivational speaker and writer, she has used her messages to bring positive change to her clients, audiences and readers.

Head Office

Inspire Empire has a traveling head office and is currently located in Houston, Texas.
